With the granting of this funding, the programme enters its operational phase.

It should be reminded that the objective of the FEICOM - Medium Cities Decentralization Programme, financed by the German Cooperation, is to contribute to the improvement of citizen participation and access to basic services in Councils with at least 30,000 inhabitants. It was launched in 2014 for a period of 5 years and covers the Centre, Far-North, West and South-West Regions. It includes 3 components: financing economic and social infrastructures, supporting Councils in the realization of these infrastructures and building the capacity of FEICOM in financing and supporting local development
